CAREER OBJECTIVE

Pre-Final-year B.Tech Computer Science student with strong academic achievements and scholarship recognition. Skilled in C++, Web Development, and SQL with a solid understanding of OOP and Data Structures. Seeking an entry-level Software Developer role to contribute technical expertise and problem-solving abilities.

EDUCATION

Institution	Degree	Board	Year	Marks %
Brainware University	B.Tech	Autonomous	2023–27	87%
Badkulla United Academy	12th	WBCHSE	2020–2022	84%
Khamar Shimulia High School	10th	WBSE	2020	80.57%

TECHNICAL SKILLS / ADDITIONAL CERTIFICATION

- Programming Languages: C++
- Web Technologies: HTML, CSS, JavaScript
- Database: SQL
- Core Concepts: Object-Oriented Programming (OOP), Data Structures

ACADEMIC PROJECTS

E-Commerce Web Application

- Developed a web-based e-commerce system enabling product browsing, cart management, and order placement.
- Implemented product listing, user interaction, and responsive UI for a seamless shopping experience.
- Technologies used: HTML, CSS, JavaScript

Photo Store Studio Website

- Designed and developed a photography studio website showcasing services and image galleries.
- Implemented image display, service sections, and contact features for user engagement.
- Ensured clean UI design and smooth navigation experience across devices.
- Technologies used: HTML, CSS, JavaScript

TRAININGS & WORKSHOPS

- Attended a 3-day workshop on Roboreach – gained hands-on exposure to robotics and automation concepts. (May 2024)
- Participated in the Samsung Innovation Campus Hackathon – a 1.5-month program focused on innovation, problem-solving, and project development.

STRENGTHS

- Solid command of CS fundamentals including OOP, Data Structures, and SQL.
- Hands-on experience building responsive web applications using HTML, CSS, and JavaScript.
- Analytical problem-solving approach — able to break down complex tasks into manageable solutions.
- Quick learner who adapts fast to new technologies, tools, and team environments.

WEAKNESSES (WITH IMPROVEMENT ACTIONS)

- Tend to spend extra time perfecting details; actively learning to balance quality with deadlines by time-boxing tasks.
- I sometimes hesitate to ask for help, but I am working on improving my communication and collaboration

SOFT SKILLS

- Problem-Solving: Approaches challenges with a structured, logical mindset to arrive at efficient solutions.
- Teamwork & Collaboration: Works effectively in group settings, contributing ideas while respecting team goals.
- Adaptability: Quickly adjusts to new environments, tools, and project requirements without losing focus.
- Time Management: Prioritizes tasks efficiently to meet deadlines while maintaining quality of work.
- Communication: Conveys technical concepts clearly to both technical and non-technical audiences.

HOBBIES & INTERESTS

- Adventure travel with focus on mountainous terrain — explored North Bengal, Sikkim, and Northern India, building planning, adaptability, and navigation skills.
- Exploring new web technologies and building personal projects to apply classroom concepts in practical settings.
- Staying updated on AI, software development, and tech industry trends through blogs and online communities.
